

ANJEC Statewide Alert
Garden State Preservation Trust Renewal Funding at
Critical Point
Your Help Urgently Needed

The GSPT Bond Bill (S1858) will be up for consideration before the NJ Senate Budget Committee on Monday June 22. Please call the members of the committee to express your support for this vital legislation.

Remember to thank Senator Sweeny for sponsoring the bill and Senators Bucco, Cunningham, Ruiz, and Vitale for being co-sponsors.

Even if you have already called, do it again!

This may be the *last chance* to get this vital issue before the voters in the November election. Recent polling shows that the voters overwhelmingly support the bond issue.

This critical issue should not be allowed to “die in committee”!

This is our chance to tell the legislature and the Governor what our priorities are.

The Committee members and their contact information are:

Buono, Barbara – Chair.
